

Clothcraft Features

Everyone and everything is distinguished by certain features which separate them from others of the same class. Men are known by their habits and achievements, merchandise by its qualities. Clothcraft clothes are distinguished by features of marked excellence.

Examine a Clothcraft suit closely. Look at the close clinging collar; the broad, well tailored shoulders and the shapely back. Note how intelligently the Clothcraft tailors have mastered these points and how well the garment fits and holds its shape. This is tailoring.

Look as closely at the fabric. You will find it all wool, thoroughly shrunk by the special Clothcraft process. This is quality.

These features of excellence and others—which are discovered with daily wear—have made the name Clothcraft famous among men who wish clothes of fit, of style, of durability.

The CLOTHCRAFT Spring Style Book shows and tells you more.

BREAKS HIS SILENCE

Harry Orchard Discusses His Imprisonment.

NOT FORCED TO CONFESS

Prisoner-Witness Declares He Was Not Compelled to Make His Alleged Confession—Refuses to Talk About the Haywood Case.

Boise, Ida., May 17.—Harry Orchard, the prisoner-witness upon whom the state of Idaho chiefly relies to prove its charge that an inner circle of the Western Federation of Miners planned in conspiracy the murder of Governor Steunenberg, broke his long silence and for more than half an hour discussed himself and his imprisonment with press representatives with whom he had expressed a desire to confer.

Orchard denied that he had been submitted to any mistreatment during his long confinement; denied that duress or force had been used upon him to secure the statements he had made and denied that Detective McPartland and the officers of the state have promised him immunity for his confessed crime or reward for the value of his alleged confession in the hands of the state. Orchard's manner and conversation during the interview tended to strongly confirm the assertion that he has been reconverted to and is deep in the zeal of the Christian religion.

Two illustrations used by him to explain a change in the kind of books he reads were Christian-like in character and religious in tone. He now reads religious books, while he says he formerly read novels.

Orchard is perfectly sound and healthy in body, clear and quick of brain. If there was ever anything in the reports that he was breaking in health and mind, there is nothing now in his appearance or manner to give them a shadow of suggestion.

Discussion of Case Barred.

The one condition imposed upon the interview by Warden Whitney of the Idaho penitentiary was that there must be no discussion of the "case," and the prisoner himself when he appeared for the meeting asked that the same conditions be observed.

No exception of the make and manner of the man known to have confessed that he committed a series of revolting murders, including that of Frank Steunenberg, was realized in the prisoner brought in by a guard to Warden Whitney's private office. As far as appearance goes the prisoner might have gone any walk in life except the one his own story says he traveled. He came in quietly, smiling a little as he advanced and looking straight ahead out of a pair of twinkling blue eyes.

His greeting was self-possessed and his manner courteous.

Orchard is somewhere about five feet in height and of stocky plumb build and weighs between 170 and 180 pounds. His hair is dark brown, brushed down to a polish, his moustache is light colored and good sized, his teeth are white and of good size. His head is a little roundish but quite well formed and there are crow's feet at his eyesides to tell of his years and life. The man's complexion is clear and his face bronzed. He is quick and certain in movement, of easy manner—a man toned down—and smiles a little nearly all the time he is talking. He wore a neat fitting, well made suit of gray, a pair of highly polished lace shoes and his general appearance and figure were good, anything but the expected one.

Does Not Care to Talk About It.

"I do not care to talk about this case as it stands at this time," he said after the introductions and the commonplace had been exchanged.

"I am a little leary about talking to newspaper men, so if you ask me anything that I think I should not talk about I'll tell you. I know you will understand."

In reply to questions Orchard said he was well treated by the prison officials; that he read many religious books instead of trashy novels he used to read and explained his change in reading matter by saying it was like a man who had been doing wrong all his life and suddenly decided to do right.

Orchard declared he could have seen newspaper men had he wanted to, but he did not desire too much prominence. He said he spoke to but few men in the prison, as he felt that he ought to be careful because some of them seemed anxious to learn too much.

The last formal question of the interview went directly to the position of Orchard in the pending case and was directly answered. It was: "Was force or duress of any kind used on you by Captain McPartland or any one else in securing your alleged confession or statement, and have any promises of any kind been made to you in that connection?"

"I have never admitted and don't admit now that I have ever made a confession," said Orchard. "Mind the But at no time was I ever subjected to force or pressure of any kind and anything I ever said to Captain McPartland was without force or threat of any kind. Anything I said was of my own free will and accord. It was just as I talk to you here. There was nothing else. No promise of any kind has ever been made by Captain McPartland or any one else."

Orchard said he had been down the St. Lawrence and had been about Wisconsin and other Middle States. Almost with pride he asked his interviewers what they thought about the great West. He was curious to know about the Thaw trial and if Delmas of the West had held his own against Jerome of the East.

He talked in a general way about the formation of the Haywood jury and said that he was following the proceedings in the local and other Western papers. He asked to be excused from telling where he had been born and what his church might be, and the interview closed.

As a precautionary measure the actual place in the penitentiary where Orchard is confined is kept secret and the subject is one that the warden and the guards decline to discuss.

DIFFICULTIES INCREASING.

Task of Selecting Haywood Jury Not an Easy One.

Boise, Ida., May 17.—During the one session of the Haywood trial here eleven talesmen were examined before a satisfactory juror was secured to replace William Van Orsdale, the grocer at No. 2, who was excused on a peremptory challenge from the state. As was expected, the defense exercised its first challenge by relieving Allen Pride, a farmer, at No. 5. Mr. Pride had testified during the examination that he had invited to dinner the deputy who served him with a jury summons. He and the deputy discussed the case for some time, the talk hinging particularly upon Harry Orchard, who is to be the principal witness for the state. A talesman was called to replace Pride, but his examination was deferred.

As the work of jury selection progressed the difficulties in the way of completing the panel seemed ever to be increasing. One after another of the talesmen were excused because of strong opinions they entertained as to the guilt or innocence of the accused of conspiracy in connection with the death of Steunenberg. One man called for service, but dismissed by the court, indicated that he was prejudiced against the state because of various acts attributed to the prosecution during the past year. Each side still has nine peremptory challenges to exercise, and there remain fifty-seven members of the special venire to draw from.

SUBMERGENCE TEST ENDED

Submarine Boats Remained Under Water Twenty-four Hours.

Newport, R. I., May 17.—With all hands contented, with a bountiful supply of fresh air and with records of submergence broken, the submarines Octopus and Lake rose to the surface of Narragansett bay, ending a test of twenty-four hours under water.

The Octopus rose first and the members of the naval trial board crowded about her as the conning tower hatch flew open. The members of the trial board at once went below to see what condition existed on board, and also to test the air supply. Samples of air were bottled every two hours throughout the test for analysis by the board.

The Octopus blew out foul air only twice during the twenty-four hours she was at the bottom of the bay. It was computed that only one-fortieth of her air supply was exhausted, and if these figures are correct they tend to show that the boat could remain submerged forty-five days, provided the food and fuel supply was sufficient.

The Lake also stood the test well, although a leak was sprung in the superstructure. She pumped out twice, but what proportion of her air supply was used up could not be learned.

Both crews passed the time comfortably while at the bottom of the bay. They slept well during part of the time.

During their period of submergence both boats were in communication with members of the trial board by means of submarine signals.

ON COMPLAINT OF THAW

Exhibitor of Alleged Pictures of Thaw-White Tragedy Fined.

New York, May 17.—On complaint of counsel for Harry K. Thaw, John Hanser was fined \$100 for exhibiting moving pictures purporting to be a representation of the Thaw-White tragedy. Hanser's arrest was brought about by Thaw, who having heard of the pictures being on exhibition in a private amusement place caused first avenue detectives to make an investigation. When the prisoner was arraigned, Thaw's attorney asked that a heavy penalty be imposed. He declared that the pictures were harmful and not what they purported to be.

Our Spring Coats

This is not a new subject for our "ads" this spring but it should be none the less interesting. The season for wearing spring coats seems to have finally reached us. You will want one if not already provided, and you will be sure to want one of "MICHAEL'S" garments. They have the correct effects and, what's more, are sold at popular prices. We have some decided bargains in some late effects.

"Michael's"

Our Embroidery Classes

The embroidery classes meet tomorrow morning at nine o'clock. This class has been largely attended and is competing for cash prizes that we offer. These prizes will be given June 15th. Has your young lady joined it? It costs her nothing to belong.

Saloonkeepers Arraigned for Selling Liquor to Minors Demand Jury Trial

DATES OF TRIAL ARE SET

The Saloonkeepers will Fight the Cases—Claim Fault Lies With the Boys

Of the four saloonkeepers for whom Judge Albright ordered warrants yesterday on the charge of selling liquor to minors, three were arraigned this morning. All demanded jury trials and the dates of the trials were set as follows: H. Grossman, May 23; Geo. E. Gardner, May 24; Theinis & Hogan, May 27. Geo. H. Gardner representing Theinis & Hogan and Geo. E. Gardner. Mr. Grossman was not represented by an attorney.

R. J. Holden has been out of the city for several days and was not arraigned.

SHORT TALKS BY L. T. COOPER.

RHEUMATISM

Old Mr. Rheumatism hangs on tight and bites and pinches when he takes hold.

LAWRENCE TUSCANY.

It's quite a job to shake him off. It's hard to believe that all the pain and trouble he causes comes from such a little thing. Just a tiny bit of acid in the blood the kidneys haven't taken care of. But the kidneys aren't to blame. I used to think they were. Now I know better. It's that over worked and over crowded stomach giving the kidneys part of its work and the kidneys can't do it. I found this out with Cooper's New Discovery. It puts the stomach in shape, that's all it does, and yet I have seen thousands of people get rid of rheumatism by taking it. That is why I am positive that rheumatism is caused by stomach trouble. Here is a sample of letters I get every day on the subject.

"For a long time I have been a victim of sciatica and inflammatory rheumatism, and my suffering has been too great to describe. For weeks I lay helpless with every joint in my body so tender and sore that I could not bear to move. The slightest touch would cause me the greatest agony. Several doctors treated me but they failed entirely. I tried many remedies but nothing seemed to reach my case, so I continued to lay helpless. My kidneys and stomach were affected also. I could eat but little, digest less and gradually my strength left. I lost flesh rapidly."

"I began the use of the famous Cooper medicines of which I heard so much. To my surprise and delight I improved immediately, and after using several bottles I felt like another person. My strength and appetite returned. The pain and soreness left me and now I feel better than I have for months." Lawrence Tuscany, 1122 Aldrich Ave., North, Minneapolis, Minn.

J. P. Daugherty, of the Firm of Daugherty & Dempsey Talks of Progress on M. & I. Extension

J. P. Daugherty, of the firm of Daugherty & Dempsey, who have the contract for the grading on the extension of the Minnesota & International from Big Falls to International Falls, report that good progress is being made. The grade is now complete from Big Falls to Littleforks and it is expected that the steel will be laid into the latter place within the next fortnight. There was a week's delay caused by the breaking of the hammer to the pile driver just after the work on a bridge five miles from Big Falls was commenced. It is expected that trains will be into International Falls in August. When Littleforks is reached there will be water communication with International Falls and it is expected that there will be quite a rush to get into that country.

Tax Judgment Sale Results in More than Usual Amount of Payments

NORTHERN PACIFIC REDEEMS

Lands Which the Company Has Sold on Cont-act and on which Taxes are Unpaid

The annual tax judgment sale was held by County Auditor Smart last Monday. There were about forty certificates of sale issued, most of them being to the Alliance Mortgage & Investment company, and were taken by them to protect their rights in property on which they held mortgages and on which the owners had failed to pay the taxes. In addition to the certificates issued a large number of descriptions were paid on and of course no certificates issued. This was the case with the large number of pieces of land which the Northern Pacific Railway company had sold on contract and in which the title was still vested in the railroad company. The total amount of money taken in in connection with the tax judgment sale aggregated in the neighborhood of \$600.

The payment of delinquent taxes during the present year has been heavier than before, it is said. Since entering upon the duties of the position Auditor Smart has issued 337 certificates of delinquent taxes.

The aggregate amount of the delinquent taxes paid is \$9,220.29 and the largest individual certificate is \$412.20 and the smallest is \$0.13. The certificates will average at least two descriptions on which the delinquent taxes have been paid since January 1st, 1907. The largest certificate was that issued on the Kelliher property on the corner of Fifth and Front streets. In addition to these already issued one party in the twin cities is said to be preparing to take assignments of state judgment on about 1,800 acres of land which was sold for the 1902 tax and on which notice can soon be issued. If this is done it will bring the delinquent taxes paid well up toward \$11,000.

Printers Elect

At a regular meeting of Brainerd Typographical Union No. 593, held on Wednesday evening, the following officers were elected for the ensuing year: Pres.—Frank G. Hall. Vice Pres.—H. S. Van Meter. Sec'y-Treas.—W. W. Latta. Rec. Sec'y.—Lettie E. Kylo. Sergeant-at-Arms—L. N. Code.

Letter to Mr. G. A. McKinley, Brainerd, Minn.

Dear Sir:—President of a cotton-mill at Union, S. C.,—he don't want to see his name in print—had two offers of 500 gallons of paint: \$1.30 and \$1.25. Took the \$1.25 and got skinned. He'd have got three-quarters skinned if he'd taken the other.

The \$1.30 was full gallon; the \$1.25 was 18 per cent short. The full-measure paint was adulterated 40 per cent; the short-measure paint was adulterated 45 per cent, besides benzine in the oil, don't know how much.

Devoc lead-and-zinc wasn't sold in the town then.

It don't pay to monkey with paint. Devoc costs less than any of 'em; not by the gallon, of course; by the house and year. That's how to reckon it. Go by the name. Yours truly,

F. W. DEVOC & Co., New York and Chicago. Charles M. Patck sells our paint.

GOOD WORK BEGUN

Cleaning up Streets and Property Around City Beginning in Earnest This week

The work of creating a beautiful Brainerd has commenced in earnest. Street commissioner Walker started the street sweeper this morning and with a crew of men got the west part of Front street and South Sixth street into much more presentable condition. Several private parties are also getting busy along the same lines. Mr. Cleary had a team grading the grounds adjacent to the Brainerd Grocery Co's building and otherwise cleaning them up and putting them in good condition. In addition to the new walk the Northern Pacific officials yesterday afternoon put several good strong hitching posts along the walk north of the depot. These will be a great accommodation to parties having to get baggage or express or wait for trains.

GLANCING BULLET KILLS

Mrs. Kuffell Living Near Little Falls Nearly Killed by Shot Fired at a Woodchuck

Little Falls, Minn., May 16.—Mrs. Joe Kuffell was the victim of a peculiar accident near her home in Swan River. She had gone down to the Mississippi for water and there saw a woodchuck go under a log. She called to Theodore Wiechorek, a young man who was standing near, and he produced a .32 caliber revolver from his pocket. Mrs. Kuffell pointed out the woodchuck to him and stood to one side, about five feet away from him, as he fired.

Immediately after the shot was fired Mrs. Kuffell clapped her hand to her side and with a sharp cry fell to the ground. She afterwards walked to her home and then explained that she had been shot. Upon examination it was found that the bullet had rebounded from a rock and struck her in the right side. It followed a rib into her back lay lodged against one of the spinal processes. The ball was removed. She is in no danger from the wound.

DON'T PUT IT OFF LONGER

Get Rid of That Indigestion at Once by Using Mi-o-na.

Either through slackness or carelessness hundreds of people slowly poison themselves by chronic indigestion. By neglecting to cure at once any sluggishness of the important organs of digestion the system is filled with fermenting and decaying food that results in sick headaches, heartburn, bad taste in the mouth, coated tongue, specks before the eyes, sleeplessness, nervous troubles and the many other symptoms that are the direct result of indigestion.

The want of a perfect safe yet effective cure for indigestion and stomach troubles in their many forms was felt up to the time of the successful investigations that resulted in the production of Mi-o-na stomach tablets. They quickly cure the worse cases of indigestion, and the pain and distress which are often felt after meals disappear in a few days—such is the wonderful curative power of Mi-o-na.

The old fashioned medicines for stomach troubles merely digest the food, while Mi-o-na strengthens the digestive organs so that they soon become able to care for the food that is eaten.

Mi-o-na stomach tablets cost but 50 cents a box and do more real good than a dozen boxes of the ordinary digestive tablets. H. P. Dunn & Co. give an absolute, unqualified guarantee to refund the money if Mi-o-na fails to cure. 3t

WAS KILLED BY THE FALL

Johnny Steele, a Bar Tender Fell or Jumped From a Window to His Death

HIS NECK WAS BROKEN

No Cause is Known and the Affair is Shrowded in Mystery

The second man within a very short time has jumped or fallen out of the second story window in the same block in Walker. This case terminated fatally. Johnny Steele, a bartender left his friends at 11 o'clock last night and retired to his room in the building adjoining the Kinkele hotel. Fifteen minutes later he was found with his neck broken on the stone pavement underneath his open window. He expired almost immediately. He was entirely sober when he left his friends and so far as was known there was no cause for suicide. He had undressed and gone to bed and it will never be known whether he was asleep and walked out of the window, or whether he committed suicide.

The deceased was a single man 46 years of age and was a member of the Redmen. The funeral will take place at Walker Sunday under the auspices of the Redmen.

MUSIC AND DRAMA

Sarah Bernhard's Great Play Judging from newspaper notices regarding Miss Courtney Morgan in "A Women of Mystery," which will appear at the Opera House on Saturday May 18, matinee and night, the critic, especially the lady dramatic writers, of whom there are a great number in the field now, unite in pronouncing the wardrobe displayed by Miss Morgan as something remarkable. It was all collected in London and Paris, and to the thousands of theatre goers who do not pay an annual visit to those famous fashion centers the display of all these magnificent creations is a really enjoyable treat. The play is said to be splendidly mounted and a carefully selected company of players in support of Miss Courtney Morgan, who will be favorably remembered as a former member of the Charles Frohman forces. The engagement is for one night only and indications point to a very large attendance.

For Her Brother's Sake Tonight.

Those who enjoy good, wholesome drama presented by a company of competent players will have their desire gratified at the opera house tonight, when "For Her Brother's Sake" will be the attraction. Popular prices.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Items of Interest Regarding Railroads and Railroad Employees

LABOR SCARCCE

Railroad laborers are not so plentiful just now as the contractors wish. They are rather scarce on the market, taking into consideration the heavy demand for them. The construction season is well under way, and orders for men are coming in from all sides. Good wages are offered, but with all the inducements held out the employment agents are having a hard time supplying the wants of their customers.

"SIDE DOOR PULLMAN" TO BECOME A REALITY

Chicago, Ill., May 16.—The Union Pacific road today announced the adoption of the English style of coaches, with side doors. The doors will be wide and facilitate egress. W. R. McKenna, superintendent of motive power, declares the cars will be stronger, with less danger of telescoping. There will be round instead of square windows.

Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness," prolapsus uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrh, drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdominal, or pelvic, region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequal-

ed and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

You can't afford to accept a secret nostrum as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION.

"The Blood Is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood-cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of KNOWN COMPOSITION having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

STEPHENSON CHOSEN

Wisconsin Senatorial Deadlock Finally Broken.

WILL GET SPOONER'S SEAT

Wealthy Marinette Lumberman the Candidate of the Republicans—He Has Long Been an Adherent of Senator La Follette.

Madison, Wis., May 17.—The Wisconsin senatorial deadlock was broken by the nomination on the first ballot of the Republican caucus of Former Congressman Isaac Stephenson of Marinette. The result was accompanied by the breaking up of the opposition, which when the anti-Stephenson men realized that they were beaten, returned to their former favorites, Esch and Hatten, and the final result was announced as follows: Stephenson 54, Esch 23, Hatten 19, scattering 3.

The credit for the Stephenson victory is given to Lieutenant Governor Connor, who secured for Stephenson the support of two members claimed to have been pledged to Hatten. If they had voted for Hatten, Stephenson would have been defeated.

The ballot was the end of a deadlock existing since April 16, and in that time a daily ballot has been taken in the legislature in joint session of house and senate and nearly eighty ballots were taken in all in the Republican caucus. There were originally five candidates, but Congressman Cooper and Former Speaker I. L. Lenroot withdrew a week ago, leaving Esch, Hatten and Stephenson in the field.

Isaac Stephenson of Marinette, who was nominated for United States senator in Republican caucus to succeed John C. Spooner, resigned, is a very wealthy lumberman and banker. He was born in Fredericton, N. B., June 18, 1823. He went to Bangor, Me., in 1840 and a year later moved to Wisconsin, where he worked on a farm. He afterwards bought a schooner which he sailed between Milwaukee and Escanaba and invested his savings in timber lands. He is now president and controlling owner in the N. Ludington company, the Peshtigo Lumber company, the Menominee River Boom company, the Stephenson company and the Stephenson National bank of Marinette. Mr. Stephenson was a member of the Wisconsin legislature from 1866 to 1868 and served in the lower house of congress from 1883 to 1889. He has long been an adherent of United States Robert M. La Follette.

The caucus vote will be followed by the formal election of Stephenson in joint session of the legislature.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Williamantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. H. P. Dunn & Co. mwfdw

Rekindles Life in the Nerve Cells

Suicide, insanity, falling sickness, paralysis. These are some of the results of worn-out nerves. No one would neglect a disease so dreadful in its results as nervous exhaustion if the danger were only realized with the first symptoms.

The time to begin the restoration of the nerves by the use of Dr. A. W. Chase's Nerve Pills is when you find yourself unable to sleep at night, suffering from headaches or neuralgic pains, indigestion or weak heart action.

Loss of flesh and weight, growing weakness and debility, a tendency to neglect the duties of the day, gloomy forebodings for the future, are other indications of depleted nerves.

You cannot liken Dr. A. W. Chase's Nerve Pills to any medicine you ever used. They are a nerve vitalizer and tissue-builder of exceptional power.

Naturally and gradually, they rekindle life in the nerve cells and form new red corpuscles in the blood—the only way thoroughly to cure nervous disorders. Dr. A. W. Chase's Nerve Pills, 50 cents, at all dealers, or Dr. A. W. Chase Med. Co., Buffalo, N. Y.

PARDONS JOHN L. LENNON

President Exercises Clemency in Behalf of Sullivan's Nephew.

Washington, May 17.—President Roosevelt has granted a conditional pardon to John L. Lennon, a nephew of John L. Sullivan, serving a sentence at Governor's Island for alleged desertion from the marine corps while in Cuba. The condition named by the president is that Lennon re-enlist and serve the full term of four years, he having been dishonorably discharged. When Lennon was captured after his alleged desertion he had been absent three days.

Mr. Sullivan while in Washington recently saw the president about the case and argued that his relative did not intend to desert but had merely overstayed his leave of absence. The president exercised clemency and decided to give Lennon another chance.
